

troops; to Com. on Military Affairs. Senate bill 36, for immediate settlement and allowance of claims of this State against the United States; to Com. on Ways and Means.

The Senate's proposed amendment of the House bill relating to the grand list of the town of Bethel, was taken up and concurred in by the House.

Bills passed.—House Bill incorporating the Connecticut River Valley Choral Society. Bill incorporating the Vermont Italian Marble Co. Bill altering the name of Silas Quimby, Jr. Bill incorporating the Troy Aqueduct Co. Bill incorporating section 4 of an act entitled an act for the better protection of the Treasury; bill incorporating the Middlebury Gas Light Company; bill altering the name of Luke H. Piper; bill incorporating the Perkinsville Stove Company; bill constituting Harry Ordway heir at law of Peter and Mary Ordway.

Mr. Minor of Manchester, moved a reconsideration of the vote refusing third reading, to the bill fixing the time of the public examination of school teachers; agreed to; and the bill on motion of Mr. Baker ordered to lie.

G. L. Harrington reported for the Com. on Corporations, in reference to the resolution incorporating them to inquire respecting a general law for incorporating companies for various purposes, that they find such law in chap. 85 of C. S., and believe that no further legislation is necessary.

Mr. Canfield reported, for Com. on Roads, favorably to the House bill granting a ferry to H. C. Holly, with amendment: ordered amended and engrossed.

Mr. Dana, of St. Johnsbury, presented a petition for a charter of a railroad, from St. Johnsbury to Island Pond; referred to Com. on Roads. Adjourned to Monday, 5 o'clock, P. M.

BY TELEGRAPH TO THE FREEMAN.

7 O'CLOCK, A. M.

Washington, Nov. 1. Another battery of three rifled guns has been discovered about a mile and a half below any that have heretofore been found. It is situated near the new brick house near the wharf at Evansport.

The Pusey came up late last night and left again early this morning. Both report matters unchanged down the river. The rebel vessel Page is still cooped up in Quantico creek, but has worked her way sufficiently to be out of sight from the Maryland shore. The work on our batteries is progressing finely, and a number of guns and mortars have been mounted.

A few oyster punts run the blockade now and then, and a schooner is said to have passed down yesterday.

Experimental firing with a ten-inch mortar was made at the Navy Yard this morning. With a charge of three pounds of powder and an elevation of forty-five degrees, an uncharged shell weighing 102 pounds was projected 1400 yards, time of flight seventeen seconds. The firing demonstrated that considerable accuracy may be obtained with old-fashioned mortars, and at distances from 1000 to 2500 yards they are very effective weapons.

PHILADELPHIA, Nov. 1. E. M. Davis, Assistant Quartermaster under Fremont, publishes a letter in this evening's Bulletin to Adjutant General Thomas, correcting several errors relative to himself in his (Thomas') letter to Secretary Cameron.

He entirely exculpates Fremont from any connection with his purchase of blankets, and says that when the report of the Board reached Fremont, he expressed great displeasure, and ordered them to be returned. They were not returned as rotten and worthless, and the only fault that could be found with the purchase was the economy practiced in making it, the average price of blankets being \$1.40. They were part cotton. Mr. Davis says he made the purchase in his official capacity.

4 O'CLOCK P. M.

NEW YORK, Nov. 2.

The Tribune's Washington despatch says that a dinner celebrating Gen. McClellan's assumption of the command of the U. S. army was given to-night by the Secretary of State. The entire Cabinet were present.

During the evening Gen. McClellan was accompanied with his new duties.

The President was with him for several hours. Gen. Halleck is talked of as McClellan's successor in command of the army on the Potomac. It is stated that the great Naval Expedition is named at important cities on or near the coast but that the troops will land at thinly settled places which have spacious harbors and will open cotton ports and establish a basis of operational forces now mustering.

Gen. McClellan has issued an order exonerating Gen. Stone from the responsibility of the disaster at Balls Bluff, and stating that the blame belongs to a subordinate officer.

The World's despatch says Gen. Scott leaves in a special train early Saturday morning accompanied by Secretary of War, Mr. Harrisburg. In a few days after the General arrives in New York, he will issue a parting address to the American people. Secretary Cameron goes to Boston before he returns.

NEW YORK, Nov. 2.

The rebel internal machine is a failure, having floated down the river.

The Times Fortress Monroe correspondent says that as soon as the roads were cleared by the sailing of the expedition, the Minnesota moved to her old anchorage out of the range of the guns of the Fortress preparatory to giving the Merrimack a proper reception should she make the attempt in accordance with the rebel plan to put to sea.

It is said to be the intention of Commodore Goldsboro, should the Merrimack make her appearance, to lay the Minnesota along side of her, and board her at all hazards.

Col. Elder, of the 10th New York Regiment, died here yesterday of typhus fever, contracted at Fortress Monroe.

Permission has been refused to Colonels of some volunteer Regiments to recruit their Regiments to the maximum of regulars, 2,500.

The World's despatch says a regiment of rebel cavalry attempted Thursday night to ride down the line of our advanced pickets on the right wing and cut them off, but failed. An alarm was given and several brigades were under arms all night.

WASHINGTON Nov. 2.

There seems no doubt that nearly a week ago a special messenger left Washington with a letter to Gen. Fremont, ordering him to transfer his command to Gen. Hunter until his successor is specially indicated.

Special Notice.

The Rev. D. A. MACK, the people's Chaplain will lecture either at the large Committee Room No. 12, or the Register office, both next Monday eve., at 7 o'clock. Subject:—The way to bless and save our country at this the most critical period of her history.

Great Remedy for Coughs, Colds and Kidney Difficulties.

WHITE PINE COMPOUND,

PREPARED BY

DR. J. W. POLAND & CO.,

GEOFFSTOWN CENTRE, N. H.

THE following testimonials will tell something about the medicine that is now becoming popular faster than any other article sold by druggists:—

Rev. J. K. Chase, of Rumney, N. H., under date of April 4th, 1860 says:— "When your favor, (two bottles of White Pine Compound) was received, I was suffering from a most severe cold. I took the Compound, and was able to preach in two days. I believe the Compound is an invaluable medicine. I do wish thousands who know nothing of its virtues, would become better acquainted with it."

Rev. L. C. Stevens, Pastor of the Baptist Church at Geoffstown Centre, in a letter dated Feb. 13, 1860, says:— "Some of my family have tried it, (the Compound), with signal success. I believe it to be one of the best Cough Remedies ever prepared. Besides its value as a Cough medicine, I have good reason to believe it to be all it claims to be for Kidney Diseases and Diabetes."

Mr. Asa Goodhue, of Bow, N. H., was so prostrated by Diabetes, in March, 1859, that he either himself or any who saw him thought that he could possibly live through the month. As a last resort, he thought he would try the White Pine Compound. They prepared a bottle for him; he began to take it and to the surprise of all, in a few days he was able to get about. He continued to take it until Feb. 23, 1860, in a full statement of his case he says:— "I believe Dr. Poland's White Pine Compound, under God, has been the means of my recovery thus far."

Hundreds of cases of Kidney complaints, cured expressly by taking the White Pine Compound, have been reported by druggists. Here are two samples:—

An aged man in Danvers, Mass., heard of the Compound, as a wonderful cure for his long-continued complaint of Diabetes. He sent for a bottle, and after taking it a few days, he felt better, and he sent for another bottle. He cured himself. He said they were worth fifty dollars. He has since sold a good many bottles himself.

The second case was that of a business man, in Salem, Mass. He was afflicted with the same complaint. After a long and fruitless search for a cure, he was advised to try the White Pine Compound. He sent for a bottle, and after taking it a few days, he felt better, and he sent for another bottle. He cured himself. He said they were worth fifty dollars. He has since sold a good many bottles himself.

July, 1859. DR. POLAND.—Mr. J. C. Butterfield, Jr., whose wife's medicine, has requested me to give a brief statement of what your White Pine Compound has done for me. I had been afflicted with the Kidney Complaint for a long time, and had a bad cough of ten years' standing, which caused me to spit blood quite frequently. No one of my acquaintances expected that I should ever get my health again. But two bottles of your White Pine Compound have cured me of both the Cough and the Kidney Complaint.

I would also state, that a lady, a neighbor of mine, was so badly afflicted with a cough, that she sat on only long enough to have her bed made, and we all thought she was going in a quick consumption. She took only one bottle of your Compound, and it cured her. She is just as well now as she ever was. STEPHEN BARTLETT.

DR. POLAND.—I wish to bear my testimony to the value of your White Pine Compound. You will remember how feeble I was at the time I called upon you, in July last. My chief complaint was inflammation of the kidneys. In addition to other disagreeable symptoms, I suffered dreadfully from severe pain. You sold me a bottle of the White Pine Compound, and before I had taken two thirds of the contents of that one bottle, my pain had left me. Though I had been afflicted with that complaint a long time, I have not had a return of it since, and have for many months past enjoyed excellent health. Yours truly, N. F. ALKEN.

Geoffstown, March 12, 1860. GEO. C. GOODWIN & CO., 11 Marshall St. Boston, GENERAL AGENTS. Sold everywhere by druggists. F. PIERCE, Wholesale and Retail Agent, Montpelier.

JAMES G. FRENCH, P. M.

Montpelier, May 1, 1861.

LADIES GAITER BOOTS

A little glove stirs up my heart as it stirs up the ocean. A snow-white muslin, when it fits, makes many a curious notion.

All sorts of lady fashions thrill my feelings, as they'd ought. But little female gaiter boots are death and nothing shorter!

And just to put you on your guard, I'll give you, short and brief, A small little experience

Which filled my heart with grief: Last summer, at the Pavilion Hotel, I stopped a week or more,

And marked two "boot-ees" every morn Before my neighbor's door;

Two boots with patent leather tips, Two boots which seemed to say,

"An angel trots around in us," They stole my heart away;

And often in my nightly dreams They swept before my face,

A lady growing out of them As flowers grow from a vase.

But ah! one morn I saw a sight Which struck me like a stone,

Some other name was on the book Those boots were not alone!

A great tall pair of other boots Was standing by their side,

And off they walked one afternoon And with them walked—a bride.

Ladies, comment is unnecessary;

Those Gaiter Boots came from

J. C. PAGE

Where can be found at all times a large assortment of
